Intensive HACCP course

Teaching calendar 2027

27 October 2026

Lecturer: Pacifique Akayezu.

One shared group for students from Hotel Management and Operations and Hotel Management and Artificial Intelligence, on two consecutive Sundays: 9 and 16 May 2027.

Both sessions run from 09:00 to 13:00, local time in Italy and Slovakia (CEST). They do not overlap with the two advanced training programmes, whose classes take place on Saturdays, or with the Italian language course, scheduled on Wednesday evenings.

Total: 8 hours per student and 8 teaching hours for Pacifique Akayezu. All hours are 60-minute clock hours. The shared class is not counted twice.

The 8 HACCP hours are additional to, and separate from, the workload of the two advanced training programmes. The department-specific class on quality, hygiene and safety on Saturday 8 May 2027 remains scheduled separately and is not included in these 8 hours.
