Teaching calendar 2027

27 October 2026

Lecturer: Stefania Rasia.

Every Wednesday, from 21:00 to 22:00, from 13 January to 26 May 2027. All times are local to Italy and Slovakia, using the time in force on the class date (CET/CEST).

One shared class for students from Hotel Management and Operations and Hotel Management and Artificial Intelligence. January and February constitute a language preparation period before the formal start of the two management programmes on 15 March 2027.

Total: 20 classes of 60 minutes, corresponding to 20 hours per student and 20 teaching hours for Stefania Rasia. The shared class is not counted twice.

The Italian language course is a separate, additional activity: its hours are not included in the workload of either advanced training programme.
